## Items of good work:

### **Wouldham All Saints Church of England Primary School, Worrall Drive**

The problem arises during school drop off and pick up hours as parents are parked on the side of the road. Due to the construction site and their big vehicles running up and down the road, it causes a great challenge for the traffic to maintain a steady flow. It can clearly be seen as a safety risks as vehicles pass very close to the footpaths used by childrens during these hours. I have spoken to both the sites managers asking them if they could not allow big vehicles during school pick up and drop off hours but vehicles are still running.

I have been monitoring the situation myself and have been showing my presence whenever I can during these hours.

## Crime Prevention Information:

- As spring approaches to summer, the number of shed break-ins can increase. Items such as lawnmowers, bicycles, golf clubs, fishing tackle and power tools can all be kept insecurely in sheds and these can all be easy pickings for thieves to target.
- The tips below can help to prevent you from becoming a victim of this crime.
- Install a shed alarm, with a notice displayed to warn thieves that it is not worth the effort of breaking in. The alarms are easy to install and can be purchased at most DIY stores.
- Make sure the door is always securely locked.
- Ensure all valuable property is marked with your postcode. Post coding property makes your belongings very unattractive to a thief by making items easily identifiable and difficult to sell.
- Lock up pedal cycles. Use bike locks and chain them inside to other large items or to the shed.
- Keep a record of the make, model and ID numbers of bicycles and all other equipment and take photographs of unusual items.
- Check your household insurance policy to ensure that the value of things stored inside is covered by your contents' policy.
- Please make all reports of ASB via 101, the online reporting form or 999 in an emergency.
- The Community Support Unit can gain a better picture where reports have an official reference number so we can collate data effectively.
