	<p>one has ever agreed to zebra crossing on Knowle Rd.                  Support for High St air quality. There is a stationary traffic law but not enforced. Corner very dangerous, pub owns footpath closest to pub so cannot put bollards as this would interfere with buses who sometimes have to mount the pavement to negotiate the corner and pub deliveries.                  Go back and revisit BCIlr Davis' idea starting at Walter Burke</p>	clerk
