REPORT TO WOULDHAM PARISH COUNCIL 4th FEBRUARY 2020

**By the Tonbridge and Malling Borough Councillors for
Burham and Wouldham Ward
Councillors Dave Davis and Roger Dalton**

PARISH PARTNERSHIP 6TH FEBRUARY

1. The next parish partnership is this Thursday. An agenda for that meeting is attached.

WASTE COLLECTION CONTRACT

2. Whilst the waste collection contract is still no where near the standard our residents need, we hope that residents are detecting improvements.
3. We urge residents to continue to report missed bins or failure to deliver new bins. The reports should go to waste services at TMBC but to keep Roger Dalton informed so he can continue to keep up the pressure to ensure things improve.
4. This matter is on the agenda of the Parish Partnership Panel on 6th February.

BOVIS CONSTRUCTION WORK PETERS VILLAGE

5. We passed on the good news that the necessary piling to strengthen the foundations of the houses in the Bovis area of Peters Village will be done by a quiet process known as Continuous Flight Auguring. This drills a deep hole that is filled with concrete to form the pile.
6. There could have been the noisier process of hammered plies but that is not necessary.
7. The residents that might be affected do not seem to have been informed of this and we will try and check out why before your meeting.

MR10 PROW UPDATE

8. In our last report we had concerns about the signage and barriers on MR10 and after our chasing things up it is fully intended to put both barriers and signage in to complete this project.
